

What will you see?

Enjoy an hour watching nature and count the birds in your garden or from your balcony.

Take time out for nature – and you!

How to take part. Everyone counts!

- Count the birds for one hour in your garden or from your balcony between **29 and 31 January 2021**.
Only include those that land, not those flying over. Count the most birds you see at any one time – otherwise you could count the same bird twice.
- Submit your results by **15 February 2021**. Go to our website at rspb.org.uk/birdwatch, and using the code **BH30**, tell us what you saw. Remember even if you saw nothing, it still counts. The more results we receive, the better the picture we will have.

By submitting your results online, you're helping us spend more on saving nature. However, if you are unable to do so, you can print a copy of this form, complete and return it by post. Put it in an envelope and simply write **FREEPOST RSPB BIG GARDEN BIRDWATCH** on the front. Please ensure only this wording appears on the return envelope. This is a short address, but rest assured it'll reach us.

Let's keep in touch – on your terms

Thank you for caring about nature. We're determined to do all we can to save it. You're a very important part of that which is why we'd love to let you know about the conservation, campaigning, research and fundraising work that we're doing.

If you're happy for the RSPB and RSPB Shop to keep in touch, please let us know how you would like to hear from us:

You're in control. If you'd like to change your choices at a later date, all you have to do is call us on **01767 693680** or go to rspb.org.uk/preferences. If you decide to stay in touch, we'll also keep you up to date with news about membership, products, offers and competitions.

Your details will be kept safe and secure, only used by us, or those who work for us, and will not be shared with anyone else. To understand our supporters better we combine and analyse the information you provide; with what we know about how you've helped us; and other external sources of data. This helps us to decide what communications will be of interest to you and save the resources we have available for our conservation work. We also use this information to run our charity's operations, e.g. if you place an order or make a donation, we'll need your details to process those.
