

The New Beacon

Let's go **GOLD** to raise money for Alice's Arc.

Thursday 30th September

A children's cancer charity dedicated to funding research into finding a cure and less harsh treatments for Rhabdomyosarcoma.

Sarcomas are cancers that can look like bone or soft tissues.

Rhabdomyosarcomas are the most common soft tissue sarcomas that occur in children and they tend to look like developing muscle or fibrous tissue.

Sweet Cones £2
Wrist Bands £2
Ice Cream Van £1
